T-ball Perseverence

Perseverence" I through "perseverence" as me and my dad drove to my first T-ball game. When we got to the T-ball field nobody was there. I helped my dad set up. Eventually some team members started to come. I felt a bit better we all waited a while. The rest of the team came and the team we competed with all came. The game started. I was first at bat. I was scared. **WACK!** I hit the ball right to first base. I was out so I had to go sit out. Four more people went to bat. Then my team was in the outfield. I got 2 people out. Maddie got 1 person out. It was my team's turn at bat, again I was the 3rd person up at bat. I hit the ball and passed first base and in the outfield. "Run Molly Run" my dad yelled. I ran all the way to first base then 2nd base. That is how I showed perseverance in my life.
